

MEMO

NEW JERSEY STATE DEPARTMENT OF ENVIRONMENTAL PROTECTION

TO Bayonne Barrel and Drum file thru Steve Carfora
FROM Tom Downey *TD* DATE 5/17/82
SUBJECT 3/15/82 telephone conversation

On 3/15/82, in a phone conversation with Frank Langello, owner of Bayonne Barrel and Drum, he requested an additional two week extension for the clean up and removal of a waste pile of incinerator ash on site. Mr. Langello cited the on-going negotiations for the sale of the company as the reason for the delay. It was agreed that the company would remove waste pile by 3/29/82.

In an earlier meeting on 3/3/82, Mr. Langello had agreed to remove waste pile within two weeks.
